Khalsa Basket Ball hydraulic spring loaded system 6 inches square pipe BB-1
Basket Ball hydraulic spring loaded system, made of 6 inches square pipe with extra big trolley, three different heights for kids, junior and senior levels, portable and movable on wheels with special dunking rings. Complete pole with different sizes of fibre / acrylic boards and protection pads. Extension of pole is 3.25 metres.
Adjustable height, portable and movable on wheels : 3.25 metres extension.
Available with 20 mm / 25 mm / 30 mm / 35 mm thickness board.

BRING IT ON

Lusofonia Goa 2014

Khalsa Basket Ball hydraulic spring loaded system 5 inches square pipe BB-2
 Basket Ball hydraulic spring loaded system, made of 6 inches square pipe with big trolley, three different heights for kids, junior and senior levels, portable and movable on wheels with special dunking rings. Complete pole with different sizes of fibre / acrylic boards and protection pads. Extension of pole is 3.25 metres.
 Adjustable height, portable and movable on wheels : 3.25 metres extension.
 Available with 20 mm / 25 mm / 30 mm board.

Khalsa Basket Ball hydraulic spring loaded system 4 inches square pipe BB-3

Basket Ball hydraulic spring loaded system, made of 4 inches square pipe with normal trolley, three different heights for kids, junior and senior levels, portable and movable on wheels with special dunking rings. Complete pole with different sizes of fibre / acrylic boards and protection pads. Extension of pole is 3.25 metres.

Adjustable height, portable and movable on wheels : 3.25 metres extension.

Available with 20 mm / 25 mm thickness board.

Khalsa Basket Ball hydraulic spring loaded system 4 inches square pipe BB-4
Basket Ball hydraulic spring loaded system, made of 4 inches square pipe with small trolley, three different heights for kids, junior and senior levels, portable and movable on wheels with special dunking rings. Complete pole with different sizes of fibre / acrylic boards and protection pads. Extension of pole is 2.25 metres. Adjustable height, portable and movable on wheels : 2.25 metres extension. Available with 20 mm thickness board.

Khalsa Basket Ball Non - hydraulic, portable & movable system BB-5
Basket Ball poles, made of 6 inches square pipe, portable and movable on wheels with special dunking rings. Complete pole with different sizes of fibre / acrylic boards and protection pads.
Extension of pole is 3.25 metres / 2.25 metres.
Available with 20 mm / 25 mm / 30 mm / 35 mm thickness board.
