## KCBS01

### Carrom Board with Coins, Striker and Powder

Carrom are of 3" Wood and stand Corner of 3" wood with 4 Legs .

The frame is made from teak wood, without chair

Leg design can be change

A carrom board is used for the game of carrom (also known as carrom), which is a popular tabletop game involving flicking wooden or plastic discs to score points by sinking them into corner pockets. Here's a comprehensive guide to the specifications and features of a carrom board:

#### General Specifications:

1. Size: Standard Dimensions: Typically, the board is a square with dimensions ranging from 29 to 32 inches (74 to 81 cm) on each side. Tournament boards are usually 32 inches (81 cm) square.

Thickness: The playing surface is usually 0.75 to 1.5 inches (1.9 to 3.8 cm) thick, with a frame around the edge.

#### 2. Material:

Playing Surface: Often made of high-quality plywood or MDF (medium-density fiberboard). Some boards use a smooth, laminated surface to ensure a consistent playing experience.

Frame: Typically made from wood or metal, providing structural support and durability.
